		SC/	
	SUBJECT OF RESOLUTION:	The Situation in West Africa	
	SUBMITTED TO:	The Security Council	
	The Security Council,		
1 2 3 4	1 00	out the ongoing outbreak of the deadly Ebola virus cularly Liberia, Guinea, Sierra Leone, Nigeria, and	
5 6 7 8	Recalling resolution 2177 (S/RES/2177 (2014)) entitled, "Urging immediate action, end to isolation of affected states," which targets the various harmful elements of this deadly virus and reaffirms international dedication to cooperation,		
9 10 11 12 13 14 15	Acknowledging the recent efforts by the African Union (AU), the United Nations Commission on the Ebola Virus, Médecins Sans Frontiéres (MSF), and other non-governmental organizations (NGOs),		
	<i>Recognizing</i> the recent quarantine breaks in Liberia and Sierra Leone, hampering local efforts to contain the disease,		
16 17	Deeply concerned with the st	tability of the sovereign states of West Africa,	
18 19 20	Bearing in mind the important quarantines,	nce of state sovereignty, especially in regard to	
21 22 23	Reaffirming the need to be conforeign workers and volunteers,	ulturally mindful regarding the educational methods	
24 25 26	Disturbed by the lack of edu Ebola virus,	cational resources available to states affected by the	
27 28 29	Firmly committed to the succe Emergency Response (UNMEER),	cess of the United Nations Mission on Ebola	
30 31 32	Drawing attention to the pot insecurity concerns throughout West	ential for the present crisis to deepen ongoing food tern Africa,	
33 34	Appreciative of the current e mission for the purposes of the eradi	fforts of UNMEER and the funding allocated to this ication of the Ebola virus,	

RES:1339

36 37

38

Aware of the current allocated funding and the inability of the mission to divide this funding between all appropriate and necessary channels,

Concerned that the present humanitarian aid is not sufficient in order to fulfill the priorities of UNMEER,

39 40

41

1. Urges states in the affected areas to discourage leisurely international travel and welcome aid workers into the afflicted area;

2. Asks that the African Union (AU) track further movements of displaced persons and non-governmental organizations (NGOs) in the region to increase vigilance concerning movements of traveling groups; 3. Requests that local governments reach out to communities to gather numbers

of displaced peoples, missing family members, and deaths of community members;

- utilizing this information to distribute resources in the most efficient fashion and collect information to track the spread of Ebola and the intricacies of the disease's impact;
 - 4. Recommends a portion of funding to each nation be devoted to ensuring:
 - (a) Quarantined persons have access to required medical supplies as well as adequate food, water, and shelter;
- (b) Quarantines are only authorized by medical professionals, in accordance with the standards of care set up by the World Health Organization (WHO), practicing with the permissions of local government;
 - (c) Only securing areas to prevent further transmission of disease with methods pursuant to the sovereign will of a particular state;
- 5. Encourages Member States to create emergency response plans for domestic outbreaks, to be modeled after Member States that have already implemented such programs;
- 6. Further recommends that the Ebola Response Road Map, created by the World Health Organization (WHO), be used to ensure sufficient training of health workers:
 - (a) Requiring such training for United Nations healthcare officials, and;
 - (b) Encouraging non-United Nations health workers, both native and foreign, be also trained under the Ebola Response Road Map;
 - (c) Urging all volunteers to receive brief training sessions from experts and/or access to written materials, such as WHO pamphlets, to ensure the proliferation knowledge on Ebola;
- 7. Requests a multifold approach toward spreading information about the Ebola epidemic through UNMEER and other NGOs, including:
 - (a) Working with individual health ministries to distribute, verbally and in writing, information on the spread of Ebola and preventative measures;
 - (b) Providing WHO pamphlets to any NGO health workers or local medical
