

American Model United Nations
Commission on Narcotic Drugs

CND/I/2

SUBJECT OF RESOLUTION: Report of the secretariat on the world situation regarding drug trafficking

SUBMITTED TO: The Commission on Narcotic Drugs

The Commission on Narcotic Drugs,

1 *Recognizing* the success of anti-trafficking efforts by pre-existing police forces such as INTERPOL, the Latin
2 American and Caribbean Community of Policy Intelligence (CLACIP), and Combined Maritime Forces (CMF),

3 *Aware* that most of the underlying issues regarding drug trafficking are often regionally specific,

4 *Recognizing* the importance of strengthening police and military forces across borders in order to improve
5 the global situation on drug trafficking,

6 *Acknowledging* that many localized efforts to combat drugs are largely ineffective, wherein the violation of
7 national sovereignty is a particular concern,

8 *Reaffirming* the need for standardized maritime laws across each region,

9 *Further reaffirming* the sentiments of the Global Container Program in enforcing anti-trafficking measures
10 along common maritime routes,

11 1. *Calls upon* Member States to cooperate in the form of regional bodies to increase law enforcement
12 intelligence sharing and cooperation of enforcement activities, by:

13 (a) Recommending that Member States set up a similar system of intelligence sharing and cooper-
14 ation of enforcement activities using existing police forces where applicable, such as CLACIP and INTERPOL, and
15 giving authority to the CMF as well;

16 (b) Where necessary, encouraging Member States to invite national governments or regional bodies
17 to offer leadership, equipment, and training such as;

18 (i) Providing resources and funding for regional law enforcement training on the most effective
19 anti-narcotics trafficking practices;

20 (ii) Encouraging the promotion of information sharing regarding training mechanics for law enforce-
21 ment personnel tasked with combating drug trafficking;

22 2. *Proposes* that regional bodies submit progress reports to the United Nations Office on Drugs and Crime
23 every three months detailing the current state of drug trafficking in their region;

24 3. *Encourages* the creation of cooperative regional training centers as a part of these regional bodies where
25 law enforcement throughout the region can be sent to train and become more effective at combating drug trafficking
26 by:

27 (a) Recommending that these bodies be modeled after the Turkish International Academy Against
28 Drugs and Organized Crime (TADOC) with emphasis on respecting human rights, a unique multinational cooperative
29 organization that currently receives funding from a variety of nations and trains military and police forces from around
30 the world on the most effective and up-to-date anti-trafficking practices;

31 (b) Suggesting that these bodies be designed so that they serve as regional cooperative centers in
32 anti-trafficking efforts, including the sharing of intelligence and methods to combat the illicit drug trade;

33 (c) Encouraging that the leaders of these bodies be chosen from states with experience and leadership
34 in combatting drug trafficking to ensure proper information sharing and communication;

35 4. *Suggests* that each regional body consider a set of maritime laws applicable to each specific region to
36 ensure that drug trafficking efforts extend into international waters;

37 5. *Recommends* regions to take initiative in the prosecution of those accused of drug trafficking in interna-
38 tional waters through the enforcement by regional law enforcement cooperation;
39 6. *Requests* that regions make their own prosecution agreements, or resort to a framework for prosecution,
40 detailed as:
41 (a) Recommends that regions take custody of drug traffickers found in international waters and use
42 the prosecuting abilities of the state of origin of the drug trafficker as a default method to effectively punish criminal
43 drug trafficking if no other regional agreement for extradition and prosecution exists.

Passed, Yes: 29 / No: 3 / Abstain: 8
