

American Model United Nations
General Assembly Plenary (Concurrent)

GA Plen/II/3

SUBJECT OF RESOLUTION: Outcome document of the Special Event to follow-up efforts made towards achieving the Millennium Development Goals

SUBMITTED TO: The General Assembly Plenary (Concurrent)

The General Assembly Plenary (Concurrent),

1 *Reaffirming* the necessity for global development and sustained progress toward the Millenium Development
2 Goals (MDGs),

3 *Recognizing* the effort and commitment devoted to the new Sustainable Development Goals (SDGs),

4 *Aware* of the shortcomings of some nations in achieving the MDGs,

5 *Noting* the need for increased and enhanced reporting and assessment capacity,

6 *Deeply convinced* that the United Nations Human Development Index is a comprehensive and infinitely more
7 appropriate method of measuring development and progress than traditional measurements,

8 1. *Encourages* Member States and Observer States to aid in providing leadership and coordination to develop
9 assessment capacity sufficient to assess a state's progress based on the United Nations Human Development Index;

10 2. *Recommends* Member States make efforts to comprehensively scale up implementation of initiatives aimed
11 at the completion of the MDGs and promotion of the SDGs by listening to input from those developing states who
12 made relatively substantial progress in their MDG targets;

13 3. *Strongly urges* Member States to accurately report on their progress and reach out to the international
14 community when reporting capacity is questionable or non-existent;

15 4. *Supports* increased coordination and cooperation among member states to carry out these processes when
16 implementing the SDGs.
