General Assembly Sixth Committee

GA Sixth/I/4

SUBJECT OF RESOLUTION: Measures to eliminate international terrorism

SUBMITTED TO: The General Assembly Sixth Committee

The General Assembly Sixth Committee,

1 *Recognizing* in the strongest terms terrorists actions against innocent civilians of the world and the disruptive
2 and destabilizing effects of these acts,

3 *Deeply disturbed* by the increasingly frequent nature of these terrorists actions all over the world and the
4 resulting threat of work security,

5 *Reaffirming* the attempts to define terrorism by the United Nations in 2005, stated as: "any action, in
6 addition to actions already specified by the existing conventions on aspects of terrorism, the Geneva Conventions
7 and Security Council resolution 1566 (2004), that is intended to cause death or serious bodily harm to civilians or
8 non-combatants, when the purpose of such an act, by its nature or context, is to intimidate a population, or to
9 compel a Government or an international organization to do or to abstain from doing any act",

10 *Reaffirming* the efforts of the United Nations Global Counter-Terrorism Strategy (UNGCTS) and its at-
11 tempts to strengthen state capacity against terrorism and facilitating the United Nations system's counter-terrorism
12 efforts,

13 *Desiring* the developed Members States of this body to work together with those developing States lacking
14 the resources and strategies to effectively counter terrorism,

15 *Confident* in the importance of maintaining national institutions in which groups of aggrieved people may
16 voice their frustration constructively as an alternative to violence,

17 *Noting with concern* the possibility that terrorist group members or sympathizers have infiltrated the masses
18 of refugees from unstable regions and the need for collective action to directly counter this threat,

19 1. *Calls upon* all Member States to cooperate, inter alia, to strengthen the security of their international
20 borders by enhancing border security screening processes with more rigorous methods and nuanced technology in
21 order to better prevent those intending to disturb the peace when crossing into another country;

22 2. *Requests* the Security Council to direct the Counter-Terrorism Committee to:

23 (a) Assess the efficacy of international border security of individual States;

24 (b) Recommend more efficient strategies and methods for States lacking adequate screening pro-
25 cesses;

26 (c) Encourage capable Member States to provide aid to States on a voluntary basis to facilitate a
27 state's ability to obtain the capital necessary for adequate border security;

28 (d) Report back to the body in twelve months on the implementation of this resolution;

29 3. *Recommends* that States facilitate a global movement of social inclusion and equality towards foreign
30 immigrants in order to build a more cohesive society and to reduce grievances felt by those searching for a better life
31 in another country:

32 (a) Further designates Member States to focus on building infrastructure in marginalized minorities'
33 geographical areas;

34 4. *Encourages* States to begin formulating rehabilitation programs, at the discretion of the Member States,
35 for convicted terrorists in order to create a reintegration process to avoid entering a vicious circle in which individuals
36 feel they must turn to criminal measures to address their grievances;

37 5. *Urges* States to remain vigilant and cooperative in their collective effort to hinder the schemes of terrorists
38 by further strengthening ties to engage in effective information sharing.
