

American Model United Nations
Security Council

SC/5

SUBJECT OF RESOLUTION: The Situation in Syria and ISIL

SUBMITTED TO: The Security Council

The Security Council,

1 *Recalling* its resolutions 2042 (2012), 2043 (2012), 2118 (2013), and 2139 (2014),

2 *Recognizing* international support for the humanitarian assistance of refugees within the means and capacity
3 of Member States,

4 *Bearing in mind* that the increasing number of refugees and deteriorating conditions contribute to the number
5 of people most vulnerable to the effects of ISIL,

6 *Noting with deep concern* the over 12 million displaced person(s) since the start of the Syrian Civil war in
7 2011,

8 *Expressing grave concern* at the treatment of refugees in various countries,

9 *Noting with satisfaction* the current efforts by the United Nations High Commissioner of Refugees (UNHCR)
10 to uphold the principles of the 1951 Convention Relating to the Status of Refugees in regards to rights of the refugee,
11 assistance to refugees, and the legal obligations of states,

12 *Recognizing* the role of the UNHCR in fostering the development of educational programs,

13 *Recognizing* the role of the UNHCR in fostering the development of educational and vocational programs,
14 humanitarian assistance, global health, and specific attention to refugee needs,

15 *Affirming* that over 4 million refugees are present in Syrian border countries, such as Lebanon, Turkey, and
16 Jordan,

17 *Further acknowledging* the dire situations within, and inadequate conditions of, refugee camps within border
18 states to Syria, and the eminent need to channel direct funding to these border states to assist in the human rights
19 and quality of life protections afforded in the Universal Declaration of Human Rights,

20 *Understanding* the importance of granting internally displaced persons the same rights and protections of
21 refugees,

22 1. *Calls upon* Member States to pledge and channel humanitarian aid and financial assistance through the
23 UNHCR's partnership with;

24 2. a. World Food Program (WFP) a program that is drastically depleted and unable to complete its
25 designated goals without further funding;

26 3. b. 3RP, a program that is helping improve refugee camps through cooperation with other programs and
27 organizations in also in need of financial assistance;

28 4. c. Any other relatable program or organization also committed to the improvement of refugee camps;

29 5. *Strongly encourages* Member States to adapt, within their capacity, to the increasing number of refugees,
30 through but not limited to:

31 (a) increasing the number of refugees allowed within Member States' borders;

32 (b) improving conditions of refugee populations that currently exist in Member States through;

33 (i) increased monetary support for refugee programs;

34 (ii) ensuring that refugees have access to education;

35 (iii) guaranteeing that refugees have access to clean water, food, and the rights to all human beings
36 through the Universal Declaration of Human Rights;

37 6. *Recommends* Member States provide further support for nongovernmental organizations and intergovern-
38 mental organizations in their assistance of supplying aid to refugees through:

39 (a) creating sustainable agricultural resource programs and infrastructure or reforming existing
40 programs;

41 (b) creating educations programs, which when possible will be led by local refugee educators who
42 hold the refugees' specific cultural and religious values, so all refugees are afforded the same rights to education as
43 permanent residents a Member State or reforming existing programs to include;

44 (i) primary education programs;

45 (ii) vocational training programs;

46 (iii) second-language programs;

47 7. *Calls for* the restructuring and general improvement of living conditions for refugee camps, giving priority
48 to camps in border states, such as Jordan, Lebanon and Turkey, those of which the largest refugee camps exist by:

49 (a) provide direct funding to border states in order to create a safe, sustainable community for
50 refugees residing in the large refugee camps existing in them;

51 (b) strongly encouraging border states to Syria, with the assistance and support of the international
52 community, working with current refugee camps—such as Zaatari and Azraq—to improve the living conditions and
53 expand the resources available in current refugee camps, through;

54 (i) facilitating the creation of structured buildings for living;

55 (ii) introducing gravel to camps to reduce dust;

56 (iii) distributing blankets, mattresses, food, gas heaters, and three months of gas supplies for the
57 winter months;

58 (c) creating sustainable water sources through the digging of wells in order to limit the extensive
59 use of water tankers;

60 (d) providing adequate medical attention and supplies to refugee populations given the deteriorating
61 conditions in refugee camps by;

62 (i) requesting the assistance of medically-orientated nongovernmental organizations to provide medicines,
63 treatments, vaccines, and other items needed for the wellbeing of refugees;

64 (ii) encouraging these organizations to improve conditions of, and access to, healthcare specifically
65 for women and children;

66 8. *Decides* to remain actively seized of the matter.

Passed by consensus, with 0 abstentions
