

American Model United Nations
General Assembly Plenary

GA/2nd/I/2

SUBJECT OF RESOLUTION: Industrial development cooperation

SUBMITTED TO: The General Assembly Plenary

The General Assembly Plenary,

1 *Reaffirming* sovereignty as the guiding principle of the international community,

2 *Recognizing* the continuing depletion of natural resources and how that negatively affects industrial devel-
3 opment in the developing world,

4 *Underscoring* the utility of regional entities in coordinating multilateral efforts to further the welfare and
5 development of states,

6 *Supporting* the valuable work of the United Nations Industrial Development Organization (UNIDO),

7 *Deeply concerned* for the development of an exploitative dynamic between resource-endowed developing
8 Member States, being labor rich and capital shallow, and those nations or multinational firms for which the reverse
9 is true,

10 *Guided by* goals articulated by different keystone United Nations documents and resolutions, such as Reso-
11 lution 2152 of 17 November 1966,

12 *Affirms* the key objectives outlined in the Sustainable Development Goals: dealing with infrastructure,
13 sustainable growth, renewable energy, availability of food and clean water and other humanitarian centric goals,

14 1. Suggests the facilitation greater transfer of technology between developed nations and developing nations:

15 (a) Bringing developing Member States to the international community on a more equal footing
16 with developed Member States;

17 (b) Proposed oversight by United Nations Office Of The High Representative For The Least Devel-
18 oped Countries, Landlocked Developing Countries And Small Island Developing States (UN-OHRLLS);

19 (c) Achieved through the release of additional funds;

20 2. *Calls upon* various other United Nations bodies to expand the aforementioned technology sharing programs
21 to increase the viability and ultimate success of the technology sharing programs while:

22 (a) Calling for the review of these programs on an annual basis, conducted by the IDB within the
23 UNIDO, to determine their future efficacy and viability;

24 3. *Urges* the mainstreaming of consideration by the United Nations to embolden developing Member States
25 in addressing extractive development dynamics that push states off of their sustainable trajectories:

26 (a) Expansion of efforts would be achieved through mediation of trade negotiations between devel-
27 oping and developed Member States by Lawyers Without Borders;

28 4. *Recommends* international development organizations to work with Member States and pertinent United
29 Nations bodies to diversify their economies to better weather financial aid and political troubles with proposed
30 funding at the discretion of;

31 5. *Recommends* international development organizations to work with Member States and pertinent United
32 Nations bodies to diversify their economies to better weather financial aid and political troubles with proposed
33 funding at the discretion of:

34 (a) The International Bank for Reconstruction and Development under the advisement of the World
35 Bank;

36 (b) The United Nations General Assembly under the advisement of the United Nations Industrial
37 Development Organization (UNIDO);

38 (c) Alternative ways to achieve economic diversity would be through accepting investments from
39 various non-state private institutions and dispersing risk through several industries, therefore avoiding creation of a
40 rentier state.
