

American Model United Nations
Committee of Experts on Public Administration

CEPA/II/4

SUBJECT OF RESOLUTION: Redefining relationships and responsibilities to support participatory governance and responsive public service delivery, including through e-solutions

SUBMITTED TO: The Committee of Experts on Public Administration

The Committee of Experts on Public Administration,

1 *Realizing* that each Member State differs in cultural and political circumstances, as well as global economic
2 and social standing,

3 *Further* recognizes the need for conservation of national sovereignty,

4 *Aware* that cyber security affects all nations, regardless of development level,

5 *Reiterating* article 45 chapter 3 CEPA report 16 (E/2017/44),

6 *Remembering* Article 21 of the Universal Declaration of Human Rights,

7 *Recognizing* the problems with funding E-Solutions throughout the world,

8 *Reiterating* the need for E-Solutions, which aid in the development of responsive public service delivery
9 methods, including redefining the relationships and responsibilities of each nation in order to support participatory
10 governance,

11 *Reaffirming* that ECOSOC works diligently towards E-Solutions,

12 1. Encourages ECOSOC to be adaptable while working towards E-Solutions, as not every E-Solution will
13 work for every nation, due to differences in each nation;

14 2. Advises that ECOSOC stimulate and promote United Nation organizations like UNDP, UNESCO, and
15 UNICEF, as these organizations all work towards educating developing nations and children in technology;

16 3. Suggests that through E-Solutions Member States involve citizens that governments can entrust with the
17 responsibilities to protect national sovereignty of their government utilizing the delegation of Information Commu-
18 nication and Technology (ICT);

19 4. Invites member states to collaborate with ICT specialized NGOs and IGOs, such as the International
20 Telecommunication Union (ITU), in promoting the accessibility, reliability and acceptance of ICTs with the intent
21 of fostering civilian awareness and feedback on government activity.

Passed by consensus, with 1 abstentions
