

American Model United Nations
Security Council

SC/PRST/2017/2

Statement by the President of the Security Council

1 Recalling the adoption of Security Council Resolution 2379 (2017), the United Nations Security Council
2 commends the efforts that have been made thus far to thwart Islamic State in Iraq and the Levant threats against
3 international security stemming from the activities of the ISIL, and the collaborative efforts made to investigate future
4 international security threats. The Security Council requests that the Secretary General evaluate the potential for
5 utilizing or establishing an Information Sharing System for intelligence regarding the global activities of ISIL and
6 other terrorist organizations in order to prevent future terror attacks.

7 The Security Council commends the United Nations Development Program and United Nations International
8 Children's Emergency Fund for their efforts toward establishing security. The Security Council implores able Member
9 States to offer increased monetary assistance to the United Nations Development Program and United Nations
10 International Children's Emergency Fund to focus on educational efforts in areas of high ISIL activity.
