If you choose to send one or more individuals to staff a table, your group will be provided with a virtual online space that will be accessible to the conference participants during an afternoon session. Our virtual meeting space, using the Gatherly platform, is designed to host conference meetings as well as events such as fairs and expos. The platform will provide a “floor” that representatives can move to during the course of the conference and visit “tables” where each of our exhibitors will be stationed. Our AMUN participants will then be able to join in a conference with your organization representative and learn what your company or school is all about!
