

## Philosophy of Realism and Accessibility at AMUN

Greetings from the AMUN Secretariat. Preparations for the 2020 Digital Conference continue!

#### **AMUN's Philosophy of Realism**

The AMUN Secretariat wants you to have an enjoyable Conference, but most of all we want you to have an *educational* experience. To that end, AMUN goes to considerable lengths to ensure that we're providing a simulation of United Nations bodies that is as realistic as possible. This is why AMUN only simulates topics that have been previously addressed by the United Nations and why our materials and staff assist delegates with understanding the purview of each body. <u>Purview</u> is the basic delineation of responsibilities that limits what steps a body can take on the topics under debate.

Through both the <u>AMUN Accords</u> and the <u>AMUN Conference Handbook</u>, the AMUN Secretariat spends a great deal of time researching and producing content that will enable your students to draft substantively grounded resolutions and reports. At-conference, the AMUN Secretariat is also available through our Home Government department to answer substantive questions and provide roleplayers for bodies, peoples and countries that aren't in attendance at AMUN.

If you want to read more about AMUN's dedication to realism, read <u>A Commitment to Realism and</u> <u>Education: Understanding AMUN's approach to Model UN by Dr. Jacqueline E. Whitt or Why</u> <u>Realism is Important: The Goals of AMUN's Security Council Simulations by Nia Indelicato</u>, both found on the <u>AMUN Accords</u> section of our website.

#### Accessibility & Accomodation at AMUN

The AMUN Secretariat wants to ensure that all Conference attendees are able to enjoy the Conference and participate fully in their simulations. If you or any member of your delegation requires any accommodations to get the most out of the AMUN experience, please contact Shannon L. Dunn, the Executive Director, at <u>mail@amun.org</u> as soon as possible so we can discuss appropriate arrangements.
