

American Model United Nations Conference Conference Alert 20-23 November 2021

11 November 2021

Security Council & Historical Security Council Flipgrid

Greetings representatives of the Security Council and the Historical Security Council 1973,

AMUN's Simulations Staff team has created some short videos to help you better prepare for the Conference. These videos cover information and tips for roleplaying in a Security Council simulation. Security Council decisions are binding and have immediate, real-world consequences. Because of this, roleplaying a Security Council representative is a unique experience, often different from other model UN simulations. The videos are meant to help you better understand how diplomacy works in the Council and offer you information on resources you have to help you succeed.

You can access the videos via flipgrid: <https://flipgrid.com/o4deec22> (You will need to enter **AMUNSC2021** as the guest access code.)

The videos are short, and can be viewed at your convenience. For more information regarding the rules used in Security Council simulations please attend the Security Council Rules and Roleplaying Session on Saturday, November 20th, in the Michigan A/B Room on Level 2 of the Sheraton Grand Chicago from 5:00 p.m. to 5:45 p.m.

And as a quick reminder to those of you participating on the Contemporary Security Council, don't forget to read the Security Council situation report updates; the links are located at the top of the Security Council background guide.
